**Subject: BP8 Side Stand Program**

Buell Motorcycle Company has halted shipments of side stands, part #L0167.02A8, for use in the BP8 Side Stand Product Program due to a supplier issue. We are asking your cooperation in requesting that you halt the completion of this program. Please do not install side stands for this program that you might have in stock until you receive further notice from Buell Motorcycle Company.

We apologize for the inconvenience this may cause for you and your customers. We are working on a resolution to this issue and will be re-implementing the program very soon. Thank you for your cooperation.

Sincerely,

Ronald L. Mundt
